Notes: (1) Under “Non-harmonized”, the “common/dominant rule” represents the dominant rule across the relevant REC despite the lack of harmonization. (2) * Mostly-harmonized: At most 1-member state (2 for CEN-SAD) deviates from the tax features. * Partly-harmonized: More than half of the member states adopt a similar approach to a tax feature. * Non-harmonized: Half or more of the member states adopt different rules to a tax feature.
